

## Daikin to showcase pioneering cold chain solutions at Chillventa 2024

**Vienna, August 2024** – Daikin, a **global leader in refrigeration and cold chain solutions**, is excited to announce its participation in **Chillventa 2024**, the premier international trade fair for refrigeration and cold chain. This year's event will take place from October 8-10, 2024, at the Nuremberg Messe, Germany.

### Pioneering Cold Chain Solutions

During the fair, Daikin invites all stakeholders in the cold chain industry to dynamic meeting formats at their nearly 450 m<sup>2</sup> stand for exchange and inspiration. **Olivier Lagrabette, Department Manager Cold Chain at Daikin Europe:** "We will present our latest innovations and comprehensive solutions across the entire cold chain spectrum, including our brands **Daikin, AHT, Hubbard, Tewis, and Zanotti**. We aim to initiate discussions with partners, customers, and industry stakeholders about future-proof solutions and to demonstrate our global commitment to efficiency, sustainability, and reliability throughout the entire cold chain."

### This year's motto "United Beyond Cold"

The motto "United Beyond Cold" expresses Daikin's commitment to showcasing its comprehensive brand expertise for the **entire range of refrigeration solutions**.

At the center are the **Daikin CO<sub>2</sub> system** and **the company's extensive cold chain portfolio**. New products and solutions in the field of commercial refrigeration will be presented. Visitors can look forward to innovative system solutions featuring the **refrigerants R290 and CO<sub>2</sub>**, the next generation of Daikin's Monoblock technology, advanced solutions for both industrial and semi-industrial applications, as well as digital products designed to monitor all electronic devices in supermarkets, enhancing operational efficiency and reliability. Included are the **new AHT Chest Freezer**, an innovation set to revolutionize the commercial plug-in refrigeration industry, and the **new modular SPI CIRCUMPOLAR**, a central unit in the efficient Semi Plug-in (SPI) system.

### Daikin's wider refrigerant strategy

In the light of the **F-gas regulation revision**, Daikin will also give an outlook on future refrigerant alternatives in Europe for HVAC-R systems. During the Chillventa Specialist Forum on the 9th of October 2024, the manufacturer will address applications, affordability, safety, and future-readiness of HVAC-R systems using these future refrigerants.

### Daikin Europe will be exhibiting at Chillventa from 8th-10th October 2024

Messe Nuremberg, Germany  
Booth 7-150 in Hall 7

### About

#### 100 years Daikin

The story of Daikin has always been shaped by groundbreaking ideas, technological innovations, and dedicated people. It began in 1924 when the young Japanese engineer Akira Yamada founded an enterprise in Osaka to manufacture aircraft radiators with a 15-member team. Today, 100 years later, the Daikin Industries Ltd. group brings **future-proof solutions for heating, cooling, ventilation, air purification, and refrigeration to global markets**. More than 98,000 employees in 175 countries continue the company's legacy of leading technologies to advance low carbon heating and cooling, while ensuring the highest level of comfort. For its fiscal year 2023 the global Daikin group reported a record sales result of € 28 billion sales (1 April 2023 – 31 March 2024).

## Daikin Airconditioning Central Europe

Daikin Airconditioning Central Europe was founded in 1999 with its headquarters in Vienna, Austria, as a subsidiary of Daikin Europe. Its portfolio comprises **products and total solutions for heating, cooling, ventilation, air purification, and refrigeration needs in residential, commercial, and industrial settings**. More than 700 employees and 3,400 partners are responsible for sales and service activities in 16 countries in Central and Eastern Europe, including Austria, Albania, Bosnia and Herzegovina, Bulgaria, Croatia, the Czech Republic, Hungary, Kosovo, Montenegro, Moldova, North Macedonia, Poland, Romania, Serbia, Slovakia, and Slovenia.

With "Your Daikin World" at the Vienna headquarters, and the "Daikin Inspiration Park" the HVAC-R industry and the construction sector have access to two modern B2B-experience centers for co-creating tailor-made solutions for hotels, retail, offices, and large commercial applications. Across the CE-region Daikin runs 10 out of 116 B2B-trainings centers across Europe. Consumers and homeowners receive consulting in four B2C-Experience centers in Vienna, Belgrad, Bratislava and Budapest.
