

## Experience a century of innovation: Daikin's interactive journey into the future of HVAC at ISH25

Frankfurt, March 2025 – Daikin Europe N.V., a global leader in heating, air conditioning, ventilation, and refrigeration (HVAC-R), continues to push the boundaries of innovation. At ISH25, Daikin will dive further into its vision for a **multi-refrigerant future**, unveil its **latest innovations** and its rigorous approach to **safety**. This will all unfold in an experience center where technology comes alive, transforming into a captivating experience. Get ready for **ISH25 in Frankfurt, Germany, from March 17-21**, where Daikin takes center stage with its cutting-edge technology and **immersive 1,000m<sup>2</sup> visitor stand**.

### Innovative solutions for all applications

At ISH25, Daikin will unveil a groundbreaking range of **high-efficiency solutions for heating, cooling, hot water, ventilation, and refrigeration** – designed for every application, in any climate zone. Daikin will demonstrate the new possibilities of innovations including the new Daikin Altherma 4 H residential heat pump and the reveal of its extended range, such as CO<sub>2</sub> VRV and R-290 solutions, applicable to all

environments, from small residential homes to large industrial facilities. During the many presentations, the global company group will provide insights in

- how it selects specific refrigerants for certain applications,
- how it leads the way in installer relationships,
- how heat pumps integrate into district heating,
- how Daikin redefines commercial and industrial climate control with its latest VRV solutions, and much more.

### Transforming technology into experiences in a 1,000m<sup>2</sup> stand

With a stunning **1,000m<sup>2</sup> exhibition space** that marks 100 years of innovation, Daikin transforms technology into compelling experiences. Visitors can engage with the future of climate solutions through interactive games and expert-led sessions in the agora zone, while also connecting with others in different entertainment zones.

Daikin's commitment to excellence goes beyond technology, as it supports various sports teams, players, and associations. This passion is celebrated in the **Daikin Sports Bar**, where guests enjoy feel good moments amidst the latest HVAC innovations. For ISH25, Daikin has spared no effort for visitors to see, feel, and engage with the future of HVAC technology.

### About

#### 100 years Daikin

The story of Daikin has always been shaped by groundbreaking ideas, technological innovations, and dedicated people. It began in 1924 when the young Japanese engineer Akira Yamada founded an enterprise in Osaka to manufacture aircraft radiators with a 15-member team. Today, 100 years later, the Daikin Industries Ltd. group brings **future-proof solutions for heating, cooling, ventilation, air purification, and refrigeration to global markets**. More than 98,000 employees in 175 countries continue the company's legacy of leading technologies to advance low carbon heating and cooling, while ensuring the highest level of comfort. For its fiscal year 2023 the global Daikin Group reported a record sales result of € 28 billion sales (1 April 2023 – 31 March 2024).
